

TechCorp

Customer FAQ & Support Guide

Version 3.1 | Updated: April 2025 | support@techcorp.com

1. Billing and Refunds

Q: What is your refund policy?

TechCorp offers a full refund within 30 days of the initial purchase for all subscription plans. After 30 days, refunds are not issued for the current billing period but you can cancel to prevent future charges. Annual plan refunds are prorated minus a 10% administrative fee if requested after the 30-day window.

Q: How do I cancel my subscription?

Go to Settings > Billing > Cancel Subscription. Cancellation takes effect at the end of your current billing period. You retain full access until then. After cancellation, your data is retained for 90 days before permanent deletion, giving you time to export.

Q: Can I switch plans mid-cycle?

Yes. Upgrading is effective immediately with prorated billing for the remainder of the cycle. Downgrading takes effect at the start of the next billing cycle. Switching from annual to monthly requires contacting our support team.

Q: What payment methods are accepted?

We accept Visa, Mastercard, American Express, PayPal, and bank transfers (Enterprise only). All payments are processed securely via Stripe. We do not store card details on our servers. Invoices are sent by email on the billing date each month.

Q: Is there a free trial?

Yes. All new accounts receive a 14-day free trial with Business plan features. No credit card required to start. At the end of the trial, you can choose any plan or your account reverts to a read-only state (data preserved for 30 days).

2. Shipping and Delivery

TechCorp is a SaaS product - there is no physical shipping for the software itself. However, for Enterprise contracts, physical agreements and NDA documents are shipped via courier:

- Domestic (within India): 3-5 business days via BlueDart or Delhivery
- International: 7-12 business days via DHL or FedEx
- Expedited shipping available for an additional fee - contact your account manager
- Digital copies of all signed agreements are available in your account under Settings > Contracts

3. Account Issues

Q: I forgot my password. How do I reset it?

Click 'Forgot Password' on the login page. A reset link is emailed to your registered address and is valid for 24 hours. If you do not receive the email within 5 minutes, check your spam folder or contact support@techcorp.com with your account email.

Q: My account is locked. What do I do?

Accounts are locked after 5 consecutive failed login attempts for security purposes. The lockout period is 30 minutes. After that, you can try again or reset your password. For immediate access, contact support with your account email and company name for identity verification.

Q: How do I add or remove team members?

Go to Settings > Team > Invite Members. Enter email addresses and assign roles (Viewer, Editor, Admin). To remove a member, click their name and select 'Deactivate'. Deactivated users lose access immediately; their work remains in the workspace and can be reassigned.

Q: Can I transfer account ownership?

Yes. The current owner must go to Settings > Team, select the new owner, and click 'Transfer Ownership'. Both parties receive a confirmation email. The transfer is reversible within 24 hours by contacting support.

Q: What happens to my data if I delete my account?

Account deletion is permanent. All data including dashboards, documents, workflows, and query history are deleted within 30 days. A data export is automatically triggered before deletion. You will receive an email with the download link valid for 7 days.

4. Technical Support

Q: How do I contact support?

- Email: support@techcorp.com (response: 24-48h for Starter, 4h for Business, 1h for Enterprise)
- Live Chat: Available in-app (bottom-right bubble) for Business and Enterprise customers
- Phone: +1-800-TECHCORP (Enterprise only, available 24x7)
- Help Center: help.techcorp.com (self-service documentation, tutorials, and video guides)

Q: Is there a status page?

Yes. Check <https://status.techcorp.com> for real-time service status, incident history, and scheduled maintenance windows. You can subscribe to email or SMS alerts for any status changes. Historical uptime data is available for the past 90 days.

Q: How do I report a bug?

Use the in-app 'Report a Bug' button (Help menu > Report Bug) or email bugs@techcorp.com. Include screenshots, browser version, steps to reproduce, and the request_id from the error response. Critical bugs (data loss, security) are escalated within 1 hour regardless of plan.

5. Data and Privacy

Q: Who owns my data?

You retain full ownership of all data you upload to TechCorp. We do not use your data to train AI models. Data is stored in the region you select at account creation: US-East (Virginia), EU-West (Ireland), or AP-Southeast (Singapore).

Q: Can I export my data?

Yes. Go to Settings > Data Export to download all your dashboards, workflows, documents, and query history as a ZIP archive. Exports are processed within 2 hours for accounts under 10GB and within 24 hours for larger accounts. Export files are available for 72 hours after generation.
